Five Children Suffered With Fearful Skin Troubles-One Little Girl's Eyesight Was Endangered — A Grateful Woman Writes of

FIVE PERFECT CURES BY CUTICURA REMEDIES

"Cuticura Rymedies saved my two children. My little girl's face was so covered with sores that she could not see and I thought at one time that her eyesight was gone for good. After two dectors had failed to do her any good a friend asked me to try the Cuticura Remedies. I did so and in two or three days we could see a great change and in four weeks she was well and her face was smooth and had cured nicely. She had been sore for three months so that she could not reat night or day. My little boy was sore all over. His head was a solid scab. First we tried a doctor who did him no good, but the first time I bathed my son's head with Cuticura Soap and put Cuticura Ointment on it he rested better a twick first time I bathed my son's head with Cuticura Sonp and put Cuticura Ointment on it he rested better at night and the next morning his head was much better. In five weeks he was well. I cannot say enough for the Cuticura Remedies for if I had not used them my baby would have died. My little sister, Nora 8 — had a terribly sore face. I told my mother of the Cuticura Remedies. She used them and the child's face sonn got well after the best doctors had failed. Pearl B — used Cuticura Soap, Ointment, and Pills for sores on her body and face, and little Pinkey S — had a sore head. Her mother used Cuticura Soap and Ointment on it and she was soon well. If a headache by due to the use of the eyes the patients usually awake free from it unless they have been working late the night before, when the headaches is often severe on awakening and will often pass off during the day. It usually begins about 11 or 12 o'clock in the day—often starts with a little discomfort in the eyes; then there comes a dull pain through the temples. Often a little rest will stop the pain, but if work is persisted in the pain will gradually herease till the sufferer is obliged to close the eyes and get into the dark. At times the pain is referred back to the car and at others to the back of the neck.
